TO: The Board of Oil, Gas and Mining

FROM: James W. Smith, Jr., Coordinator of Mined Land Development

SUBJECT: Ideal Basic Industries
Poverty Point Limestone Quarry
Tooele County, Utah
ACT/045/012

DATE: February 25, 1981

The Division of Oil, Gas and Mining has reviewed the Mining and Reclamation Plan submitted by Ideal Basic Industries for the Poverty Point Limestone Quarry and judges that the plan meets all requirements of the Utah Mined Land Reclamation Act. The Division requests the Board's concurrence for issuing tentative approval, and granting final approval, pending no adverse public comments and posting of the reclamation surety. In addition, the Division would like the Board's opinion as to the form of the reclamation surety to be held and approval of the amount of surety which has been estimated by the Division.
